1.11.2022

Dear Parent/Guardian,

We are looking forward to another great year of teaching and learning in 2023. As per the changes to the Parent Payments Policy, we would like to advise that all contributions in 2023 are voluntary, however, we continue to need your support as we do not intend to remove any of our programs for 2023.

Your financial contributions allow us to:

- Offer a wide range of subjects and experiences for students across all year levels
- Provide books and materials for electives (e.g. Food, Woodwork, Textiles etc)
- Run incursions
- Give access to students to Edrolo and other online resources/tools
- Provide IT support

Please note that in 2023, The Department of Education will not be providing schools with additional funding to top up a reduction in parent payments. Schools are meant to allocate all their funds every year and not accrue savings. We are flagging that at this stage, we are unsure of our capacity to meet any shortfall should parents choose not to contribute as we do not carry savings from one year to the next.

Please find below Korumburra Secondary College's voluntary financial contributions schedule for 2023.

Department of Education guidelines now mandate that schools are UNABLE to provide parents with a statement of fees. With this in mind, parents are asked to please review the recommended voluntary financial contributions schedule below for an indication of contributions for your child/ren.

For further information on the Department's Parent Payment's Policy please see a one-page overview attached.

Yours sincerely,

PARENT PAYMENTS POLICY

ONE PAGE OVERVIEW

FREE INSTRUCTION

- Schools provide students with free instruction and ensure students have free access to all items, activities and services that are used by the school to fulfil the standard curriculum requirements in Victorian Curriculum F-10, VCE and VCAL.
- Schools may invite parents to make a financial contribution to support the school.

PARENT PAYMENT REQUESTS

Schools can request contributions from parents under three categories:

Curriculum Contributions

Voluntary financial contributions for curriculum items and activities which the school deems necessary for students to learn the Curriculum.

Other Contributions

Voluntary financial contributions for non-curriculum items and activities that relate to the school's functions and objectives.

Extra-Curricular Items and Activities

Items and activities that enhance or broaden the schooling experience of students and are above and beyond what the school provides for free to deliver the Curriculum. These are provided on a user-pays basis.

- Schools may also invite parents to supply or purchase educational items to use and own (e.g. textbooks, stationery, digital devices).

FINANCIAL HELP FOR FAMILIES

- Schools put in place financial hardship arrangements to support families who cannot pay for items or activities so that their child doesn't miss out.
- Schools have a nominated parent payment contact person(s) that parents can have a confidential discussion with regarding financial hardship arrangements.

SCHOOL PROCESSES

- Schools must obtain school council approval for their parent payment arrangements and publish all requests and communications for each year level on their school website for transparency.
